## Get ready to experience Santorini's number one Hotel this season

Category: [Hotel](#) Published: Monday, 14 January 2019 10:30

### Canaves Oia is a luxury hideaway just steps from Oia's boutique-lined streets

Looking for your next luxury hideaway in Greece? Canaves Oia is the number one spot in Santorini.

The collection is formed from an array of award-winning properties: Canaves Oia Hotel, Canaves Oia Suites, Canaves Oia Sunday Suites, Canaves Epitome and the luxe Canaves Oia Villa. Get ready for complete privacy and attentive service in one of the world's most beautiful surroundings this 2019.

#### Canaves Oia Hotel: For Those Insta-Famous Pool Pics

Instagram was created for places like Santorini, and if you're prone to posting your holiday snaps, a trip to Canaves Oia is a must.

Picture super luxurious suites with private verandas overlooking the caldera, gorgeous al fresco dining areas and enviable Aegean Sea views. With its whitewashed architecture and lux decor, Canaves Oia Hotel was shortlisted as the world's Most Instagrammable hotel.

#### Canaves Oia Suites: For Nothing Less Than the Best

Canaves Oia Suites have proven to be a popular holiday draw, winning Hotel of the Year 2018 at the SLH Awards. And you'll see why once you set your eyes on these pristine white buildings standing against the volcanic backdrop. The property also picked up Resort Hotel of the Year for its distinguished services and facilities, such as a luxury yacht for guests to explore the coast and an exceptional wine cellar.

#### Canaves Oia Santorini Villa: For Treating the Whole Family

If you want to treat the whole family, Canaves Villa is the perfect place. It has three bedrooms with king size beds that can be split into twins, two spacious verandas with an infinity pool, a private whirlpool Jacuzzi, and it's only a stone's throw away from the included facilities at Canaves Oia Suites and Canaves Oia Hotel.

#### Canaves Oia Sunday Suites: For Insane 360-Degree Views

Put this collection of eight sumptuous suites high on your bucket list. Canaves Oia Sunday Suites are carved into the cliffside, perched in a serene location in the centre of Oia. Each suite is unique as the designer furniture is custom made, and every suite has an independent courtyard. The view from here is hard to beat, and if you really want to splurge, upgrade to the Master Suite with infinity pool – one of the best ways to soak up the scene in style.

#### Canaves Oia Epitome: For Heavenly Privacy

Making room for even more luxury, Canaves Oia Epitome was built above the picturesque fishing town of Ammoudi. The 24 luxury villas are a short walk away from black pebbled Katharos Beach. They guarantee privacy and a lovely lookout – Epitome is Santorini's only hotel with both sea and sunset views from each room. Honeymoon suites are purpose-built for newlyweds and couples, but Epitome is also family-friendly.
